ENFANTS QUI PARLENT FRANÇAIS**

SPEECH THERAPY IN FRENCH

Speech Pathologist
Odile Lassemillante is a native French speaker who, after being educated in Australia, has extensive international experience supporting children of all ages and abilities.

Fully qualified to deliver speech therapy in English AND French, Odile offers guidance to French-speaking families who are concerned about their child's:

- Speech clarity
- Pronunciation of sounds
- Late talking
- Ability to understand others in French and/or English
- Capacity to communicate their wants and needs
- Stuttering
- Reading / writing
- Social skills / play skills
- Listening / attention
- Bilingualism / multilingualism

Is your French or French/English bilingual child struggling with speech, language or literacy difficulties?

Kids First Children's Services in Brookvale can help!

FEEDING THERAPY IN FRENCH

Odile is a member of Kids First's Feeding Clinic where the SOS Approach to Feeding helps children and families who are affected by fussy and problem eating.
