

SCHOOL HOLIDAY SOCIAL SKILLS CAMPS

JANUARY 2020

This January, help your child make a confident start to finding and keeping friends in 2020! Across 4 dynamic morning sessions, your child will receive opportunities to learn and practice their social skills with Kids First Children's Services' professional social skills educator, Kirsty Gale. Through games, stories and other fun activities, your child will learn to connect with other kids.

Each session will focus on helping your child to think, speak and act in a positive way so that they have the skills needed to enjoy success in their classroom and playground this year.
